Compared to Sep 21 – Sep 27, 2026

How AI perceives your brand

Corporate reputation across four dimensions

Brand Image

Positive

Réputation De Marque Solide — Toyota est constamment classée parmi les marques automobiles les plus fiables et recommandées par les consommateurs à l'échelle mondiale.

Leader En Mobilité Électrifiée — La marque est reconnue comme pionnière et leader historique des technologies hybrides et de l'électrification sur plusieurs marchés.

Image De Qualité Et Durabilité — Toyota bénéficie d'une forte association avec la qualité, la durabilité et une large gamme de véhicules, y compris les SUV et les camions.

Employer Brand

Positive

Employeur Certifié Et Engagé — Toyota est reconnue comme Top Employer dans plusieurs pays, soulignant l'excellence de ses politiques RH et son engagement envers la diversité.

Culture D'entreprise Stable — L'entreprise offre un environnement de travail stable avec des opportunités de développement professionnel, bien que des avis mitigés existent sur l'équilibre vie pro-perso.

Présence Industrielle Forte — Toyota est un créateur d'emplois significatif, notamment en France avec une forte implantation industrielle et des recrutements actifs.

ESG / Sustainability

Positive

Engagement Neutralité Carbone — Toyota vise la neutralité carbone d'ici 2050, avec des objectifs intermédiaires pour ses installations et une stratégie multi-technologies.

Pionnier Technologies Durables — La marque est un leader dans les véhicules électrifiés et investit dans l'hydrogène, l'économie circulaire et la réduction de l'empreinte environnementale.

Stratégie Environnementale Globale — Toyota structure sa démarche ESG autour du carbone, de l'eau, de l'économie circulaire et de la biodiversité, avec des progrès mesurables.

Leadership

Positive

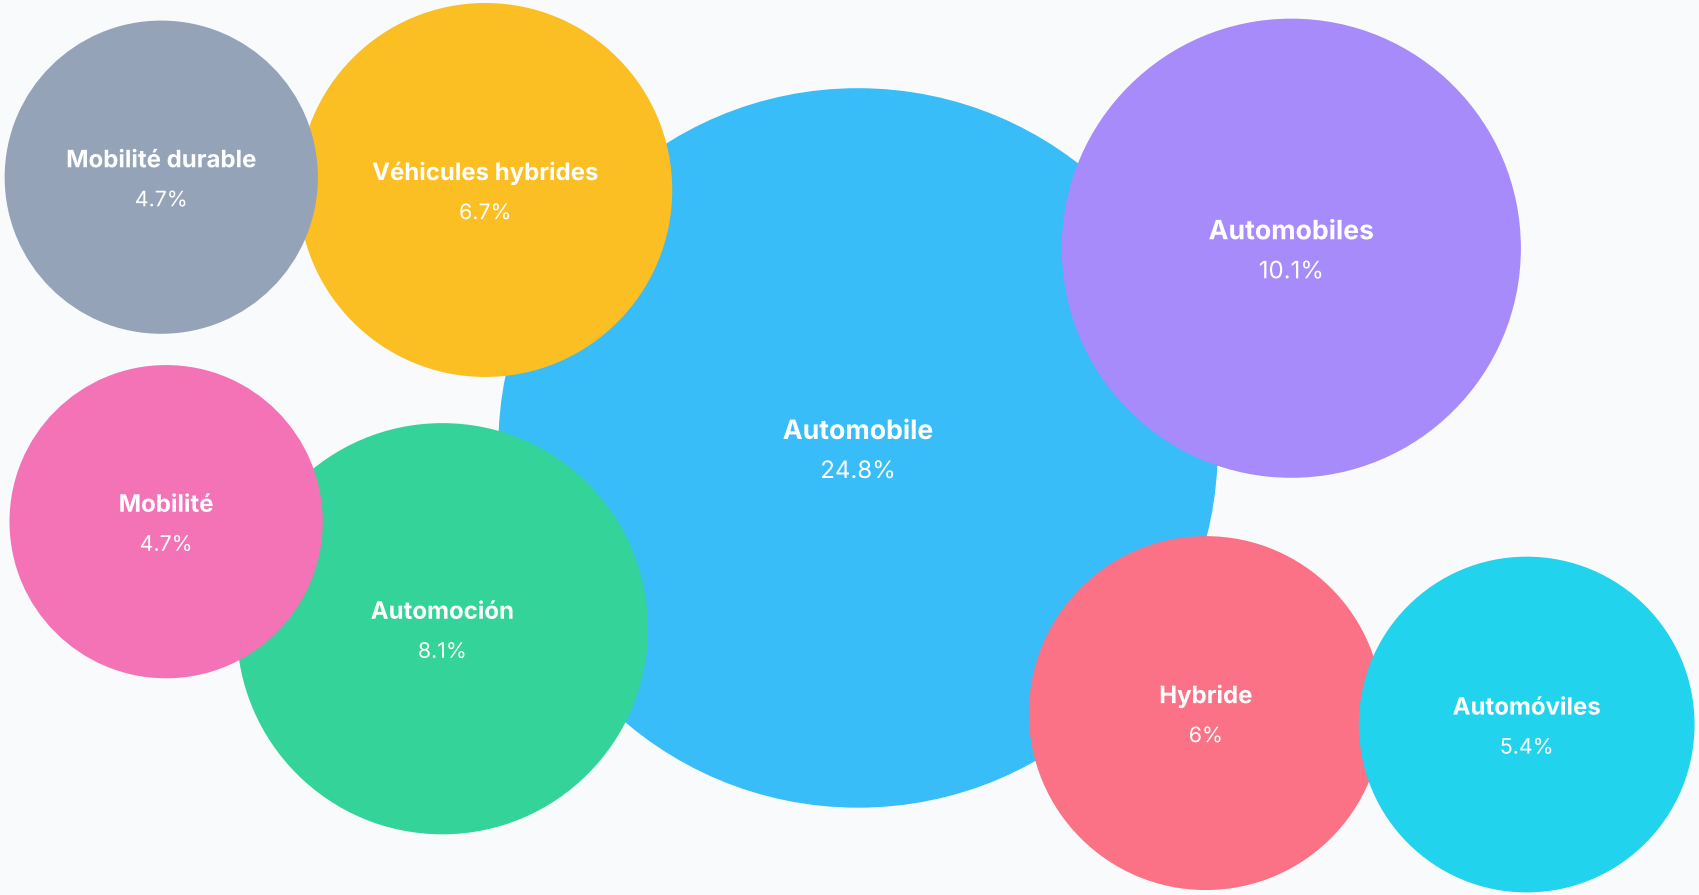

Vision Stratégique Long Terme — Le leadership de Toyota est reconnu pour sa vision à long terme, axée sur l'innovation, la mobilité durable et la satisfaction client.

Pionnier Et Leader Hybride — Toyota est un pionnier et leader mondial de la technologie hybride, avec une stratégie multi-technologies pour l'électrification.

Gouvernance Axée Sur La Confiance — La direction met l'accent sur la qualité, la confiance des consommateurs et une gouvernance environnementale formalisée, malgré des défis récents.
