Changes vs previous 30 days · 5 Sept – 4 Oct 2026

InBrief
powered by AI Sense

- Service client très critiqué, avec des problèmes d'installation, d'activation et de facturation.
- Bonne performance en débit internet et qualité de réseau, mais la couverture 5G est remise en question.
- Offres mobiles compétitives et bon rapport qualité-prix, malgré des tarifs parfois jugés élevés.

How AI perceives your brand

Corporate reputation across four dimensions

Brand Image

Positive

Qualité Réseau et Service Client — Orange est perçue comme une marque premium, reconnue pour la qualité de son réseau et de son service client, bien que des critiques sur les prix élevés et le service après-vente existent.
Engagement et Proximité Maroc — Orange Maroc est élue marque télécom la plus admirée, perçue comme proche des gens et engagée, notamment avec sa nouvelle promesse 'Orange Kayna'.
Valeur de Marque en Évolution — Classée parmi les marques françaises les plus valorisées, Orange a néanmoins vu sa valeur baisser en 2025, malgré des efforts de modernisation de son image.

Employer Brand

Positive

Top Employeur Reconnu — Orange Maroc est certifiée 'Top Employeur Maroc et Afrique' pour la 4ème année consécutive, valorisant une expérience salarié digitale et humaine.

Fierté et Engagement des Salariés — Une majorité des employés expriment leur fierté de travailler chez Orange et recommandent l'entreprise, malgré des préoccupations sur la rémunération et la direction.
Défis de Gestion Interne — Des critiques internes portent sur la gestion des réclamations clients, la charge de travail et une méfiance envers les décisions de la direction générale.

ESG / Sustainability

Positive

Objectif Net Zéro Carbone — Orange confirme son objectif Net Zéro Carbone d'ici 2040, réduisant ses émissions de CO2 et investissant dans les énergies renouvelables et l'économie circulaire.
Inclusion Numérique et Responsabilité — L'entreprise s'engage pour l'inclusion numérique via l'accessibilité de ses services, des formations gratuites et la protection des plus vulnérables.
Stratégie ESG en Développement — Orange Maroc vise à devenir une entreprise 'ESG by Design', soutenant le développement économique, social et environnemental, bien que des parties prenantes attendent une consolidation.

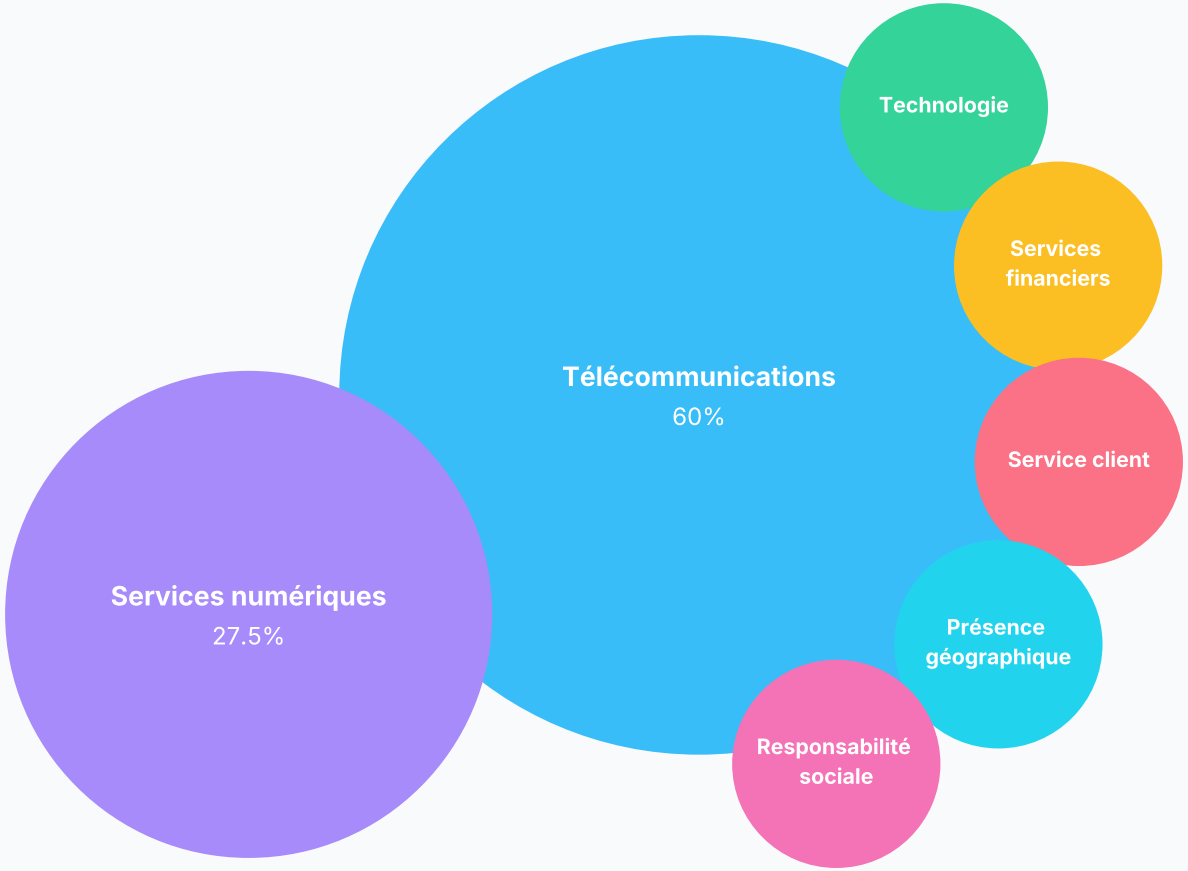

Leadership

Positive

Vision Stratégique et Innovation — Le plan stratégique 'Lead The Future' positionne Orange comme un acteur de confiance, axé sur l'innovation, l'excellence opérationnelle et la transformation numérique.
Leadership Qualité et Service — Orange est reconnue comme un leader en qualité de réseau et de service client en France et au Maroc, recevant plusieurs distinctions pour sa performance.
Défis de Confiance Interne — La direction générale fait face à des critiques internes concernant le manque de vision stratégique, la négligence du volet social et une méfiance des salariés.
